DETAILED ACTION

Applicant's amendment and response filed on November 14, 2006 have been received and entered into the case. Claims 23 – 25 are added; claims 1 – 25 are pending; claims 1 – 9 are withdrawn; claims 10 – 25 have been considered on the merits. All arguments have been fully considered.

It is noted that the examiner for this application has changed. All communications should be directed to Ruth A. Davis, who can be reached at the number below.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 10 – 25 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 10 and its dependents are drawn to a method for assaying angiogenic effects, however are rendered vague and indefinite because step (a) repeats the objective of the method. It is unclear how one practices a method for assaying, by providing an assay.

In step (d) of claim 1, the phrases “an effect” and “morphologic difference” render the claims indefinite because it is unclear what effect is being identified, and what morphological

differences occur such that the assay can be practiced. Moreover, it is unclear what effect indicates the compound to be angiogenic.

Claim 21 is further confusing as the claims fails to identify what effect indicates what has the angiogenic effect.

Conclusion

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
